INDUSTRIES

About Us

X360 is the only virtual tour Expert in the Kingdom of Saudi Arabia, serving clients globally.

With 7 years of experience and over 3,000 completed projects across various industries.

We specialize in delivering immersive virtual experiences that allow businesses to showcase their spaces with precision and creativity.

Our Mission

Our mission is to revolutionize the way businesses showcase their spaces by providing innovative 360 virtual tours that elevate engagement, improve accessibility, and create value. We strive to deliver tailored solutions with precision and creativity, helping our clients communicate their brand and space in the most compelling way possible.

Our Vision

To be the world's leading provider of immersive 360-degree virtual tours, transforming the way businesses and consumers interact with spaces digitally. We aim to make virtual exploration accessible and engaging for industries worldwide, enhancing customer experiences and helping our clients stay ahead in the digital landscape.

Advantages

- **360-Degree Views:** Provides a comprehensive view of the environment in every direction.
- **Interactive Navigation:** Users can click or tap to move through the space, exploring different areas and viewpoints.
- **Multimedia Integration:** Can include embedded information, videos, audio, and other multimedia elements to enhance the experience.
- **Accessibility:** Accessible on various devices, including desktops, smartphones, tablets, and VR headsets.

Why Us

- **We Do One Thing, and We Are the Best at It:** As the leading 360 virtual tour expert in the entire GCC, we focus solely on delivering the best immersive experiences for our clients.
- **Global Reach:** With over 3,000 completed projects worldwide, we serve clients across Europe, America, Asia, and the Middle East.
- **Customization:** We tailor our services to meet the specific needs of each industry and project.
- **Professional Expertise:** Our experienced team delivers the highest level of service, from the initial consultation to the final delivery of your virtual tour.

Private Luxury

JETS , YATCH & MOTORSPORT

Our virtual tour services are tailored to meet the exclusive needs of the luxury sector, helping clients present high-end assets in the most appealing and detailed way. Whether you want to showcase your private jets, yachts, supercars, or other premium assets, X360 delivers precision, clarity, and an immersive experience that speaks to discerning audiences.

Private Jets :

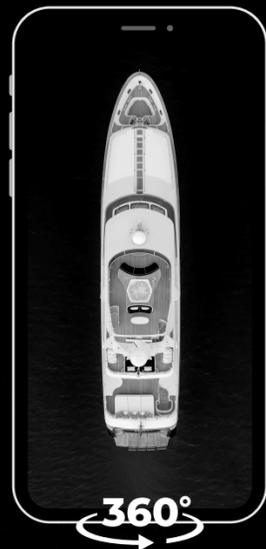

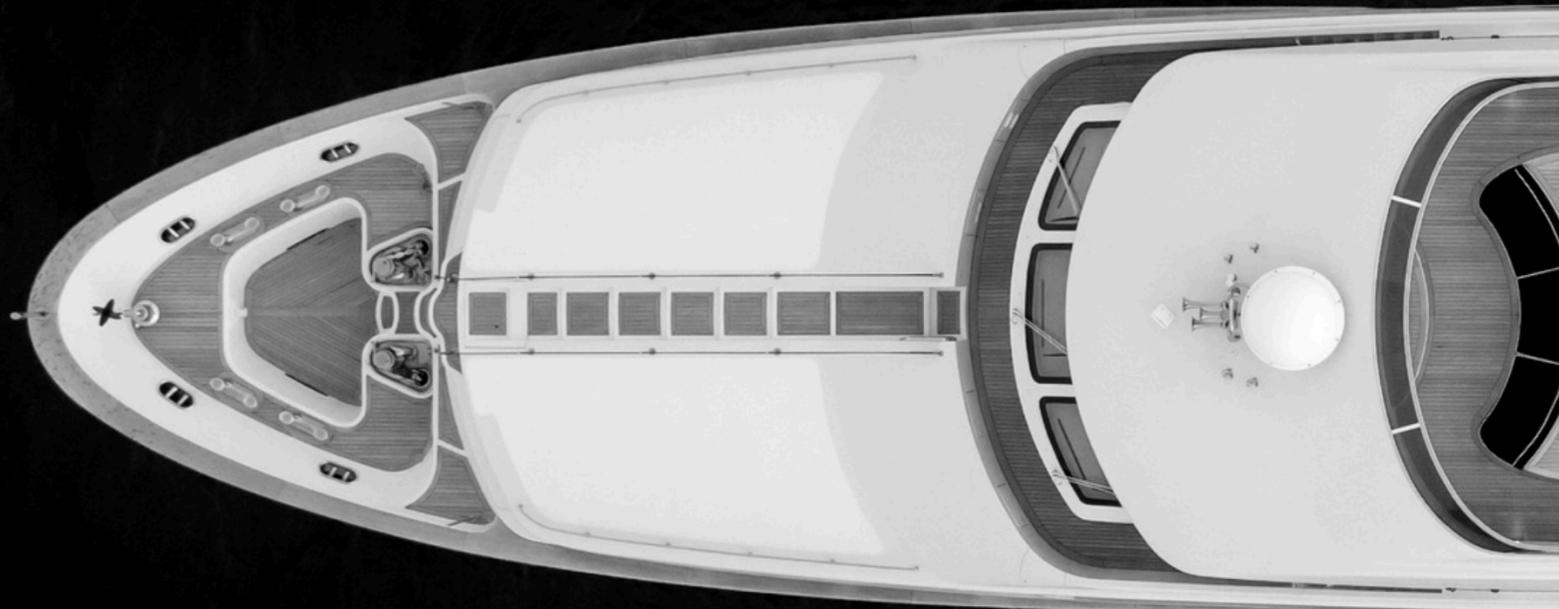

Offering detailed, 360-degree walkthroughs that highlight every aspect of luxury aircraft interiors.

Yachts :

Showcasing the finest details of luxury yachts, allowing clients to explore every cabin, deck, and amenity from anywhere in the world

Supercar Showrooms :

Offering immersive virtual tours of high-end automotive showrooms, showcasing the finest luxury and motorsport vehicles. Potential buyers can explore each car's design and interior features in exquisite detail.

Real Estate

DEVELOPER , AGENT , CO-WORKING

In the competitive real estate market, presenting properties in the best light is crucial. X360's virtual tours provide comprehensive, high-quality tours of residential and commercial properties, offering potential buyers or renters a clear, interactive view of the spaces they are interested in.

Residential Properties :

Showcase properties with detailed virtual tours that highlight everything from floor plans to outdoor spaces, giving potential buyers or investors a complete view of the project. Real estate agents can efficiently display multiple listings, offering clients an immersive experience that saves time and enhances decision-making.

Construction and Engineering

X360 also provides specialized services for construction and engineering companies. We offer progress monitoring, site documentation, and project showcase tours that help your clients or stakeholders visualize the development phases of large projects such as buildings, bridges, and other infrastructures.

Construction Sites :

Monitor and document construction progress with detailed virtual tours, giving stakeholders an up-to-date view of building stages, safety compliance, and on-site changes.

Engineering Projects :

Offer virtual walkthroughs that allow stakeholders to experience complex projects such as bridges, tunnels, and industrial plants from inception to completion.

Infrastructure Development :

Provide government agencies and contractors with virtual tours to showcase the progress of infrastructure projects such as roads, airports, and railways.

Manufacturing Facilities: Help industrial developers track the setup of large manufacturing plants or factories, allowing remote inspections and planning.

Oil and Gas :

Facilitate progress reporting and remote site monitoring for oil refineries, pipelines, and other energy-related infrastructures

Other Sectors

SCHOOLS , HOSPITALS , GYMS , SPAS , MUSEUMS , SHOWROOM

Our services extend to a range of other industries that require high-quality virtual tours to showcase their spaces effectively:

Schools & Educational Institutes :

Help prospective students and parents explore your campus virtually, from classrooms to libraries and sports facilities.

Hospitals & Medical Centers :

Provide patients with a detailed view of your medical facilities, increasing trust and comfort.

Gyms & Spas :

Give potential clients an inside look at your fitness and wellness facilities, promoting memberships and services.

Showrooms :

Showcase your products in high definition, offering customers a complete walkthrough of your showroom

Museums :

Offer virtual tours of museum exhibits, allowing visitors to explore collections and exhibitions remotely, enhancing accessibility and engagement.

Our Team

At X360, we believe that a great team is the backbone of every successful company.

Our team is not just skilled in the technical aspects of 360 virtual tours, but also deeply committed to understanding the unique needs of each industry we serve.

As Steve Jobs once said, "Great things in business are never done by one person; they're done by a team of people." At X360, we live by this philosophy
